

PELHAM, N. H.

Pelham, N. H., Aug. 17.

Mrs. Lillian Mann Fish of Los Angeles, Calif., formerly of this town, is visiting relatives here and in this vicinity. She arrived in Unity, N. H., last Saturday, after a transcontinental trip by auto of 3260 miles. She was accompanied by a lady friend for whom she motored 500 miles to San Francisco the day before starting.

Leaving San Francisco, her first day's journey took her to Salt Lake City, thence the following day to Cheyenne, Wy., and in order by days to Jefferson, Ia.; Chicago, Ill.; (1 night and 1-2 day) Ipsilanti, Mich.; Seneca Falls, N. Y., and Unity, N. H., which was her first objective in New England, where her sister, Mrs. Albert Reed, resides and where she spent the week-end.

She is now visiting with the C. W. Hobbs family at Pelham Centre. 650 miles were covered Saturday, the last leg of the trip. Mrs. Fish drove the entire distance herself averaging nearly 465 miles each day. She intends to stay in this vicinity during September.

Frank Atwood returned yesterday from Daniel Webster's birthplace in Franklin, N. H., where he served as a Boy Scout guide for a week. This work gave him opportunity to earn credit towards merit badges.

Members of the 4-H Club who attended Camp Carlisle last week returned here with a favorable report of their stay. Velma Burton and Roberta Morse were delegates sent by the club. Florence Hobbs, Pearl Davies and Ethel Koehler also attended.
