## Six-Year-Old Byron Brown Catches 13-Inch Trout— Miss Helen Morris Chosen State P. T. A. Delegate.

Pelham, N. H., April 17.

Byron Brown, aged six, started the trout season yesterday with a catch that many an older fisherman might envy. Although not the first trout to Byron's credit this one weighed 13 ounces and measured 13 inches in length. His line broke when he snubbed the fish but he had pulled with such force in response to the bite that the trout was landed flopping upon the bank.

It seems that Byron is a "chip off the old block" as his father who accompanied him is well-known locally as a devoted disciple of Isaaz Walton and has had many a record catch to his own credit. The trout was taken from Gumpus brook.

A daughter was born to Mr. and Mrs. Arthur Searles of North Pelham at the Eastman hospital, Derry, N. H., last Wednesday. Both baby and mother are doing well. The baby has been named Ann Marie Beatrice.

Charles C. Richardson and son, William E. Richardson, are at home for a short visit from Silver Spring, Md., where both are engaged in building and house decorating.

Mrs. Martha Wood Hubley enjoyed her birthday anniversary last Thursday in the home of her brother, George P. Wood, with whom she has lived for the past year. Her two other brothers, Henry A. Wood and Amos E. Wood and their families assisted in the celebration.

The birthday of each of the four members of this family is usually made the occasion of a family reunion. A large birthday cake featured among refreshments. Mrs. Hubley was treated to a post-card shower by her many friends in this vicinity in honor of the day.

At the P.-T. A. meeting last Thursday night Miss Helen Morris was chosen as delegate to the state P.-T. A. convention at North Conway next month.

Mr. and Mss. George F. Currier and daughter, Joan, and Mrs. Daniel S. Atwood and daughter, Eileen of Old Lyme, Conn., were in Pelham for the week-end.

regardless of highway conditions. They did it.

But today let the fellow with the automobile attempt any cross-country tour such as would have been necessary today and see how far he would get.

They would still be "digging out" even after town meeting had adjourned. The snow plows, trucks and men called into service did valiant work but the storm and wind continued against them and one plow became disabled early in the game. Consequently, practically all of the east part of the town remained snowbound until the middle of the forenoon today. The west part of the town fared much better, but still a large number could not be reached. It was the opinion of voters that all should be given an equal opportunity to participate in town meeting, therefore the adjournment. Pelham has 65 miles of highway, about half of which is dirt road.
