

HAYES-GENOTER HISTORY AND GENEALOGY LIBRARY

Pelham, N. H., Oct. 26.

Harvey F. Hillman, after enjoying a short visit with his parents recently, joined his battalion in New Jersey and expects to sail in the near future for France. He has been detailed with the service battalion engineering corps on construction work, for the present, but having successfully passed the aviation examination in Illinois, where drafted, he expects to be transferred to that branch of service.
