### SCHOOLS

Every community "is dedicated to the proposition" that the children of each generation have a right to undwarfed development. This is the season of the year for us to especially consider this proposition.

Every added year ought to enable us to better understand the real needs of Child life, to better understand our responsibilities as a community and for how much we shall be held accountable.

When we think of the possibilities before every human being born into this world, we begin to realize that the proper education of a child is a tremendous undertaking, that is it a kind of architecture that out-measures and out-towers all else beneath the stars. The home and the social life of the community helps or hinders the work of the school. Each child should be in school every day and the whole day and in good condition for work. Every absence, everything

outside of school that engrosses the attention counts against best results. We do not enough consider these things.

There is opportunity, in the country, for the ideal primary school such as can be found nowhere else. It can be apart by itself with clean, sweet surroundings, with fresh, invigorating air from hills and fields and woods pure water conveniently near and added to these it can easily have large, suitable play grounds.

Each of us ought to make our district school building, its surroundings and its occupants a center of interest and with a little united effort much might be done in the way of improvement.

During the school year, the Gage Hill District has had the gift of a beautiful flag from Mr Reuben Griffin of Haverhill, Mass.

It is a gracious thing for the prosperous man of the city to so remember the old school of his boyhood and the gift is greatly appreciated

MARY C. BERRY, for the  
Board of Education

SUSAN M . SMITH

For the School Board .

Just here, I would like to make a little appeal to the generosity of somebody. Wont somebody please follow the generous example of Mr . Reuben E . Griffin, who so kindly placed a beautiful U . S . flag on the school house where his boyhood days were spent? The children of North Pelham School need an organ . They have made a little beginning towards obtaining one but it will take them a long time to get it unaided . They deserve one, they have worked hard this past year, and there are good musicians among them. Wont somebody with pleasant memories of "Baldwin Hill" or the school-house near the 'Butler Farm" or the pleasant corner near "Mr. Marshall's" please help them out a little?

S . M . SMITH .

SVENTEENTH ANNUAL REPORT  
of the  
PELHAM FREE PUBLIC LIBRARY.

In making the annual report of the Public Library we can say that the usefulness of the Library is more fully appreciated each year by those who are conversant of its working. The increase in patronage is of a kind that cannot help being useful to the patrons and gratifying to those who have the welfare of the Library and its patrons at heart. The reading tables have been well supplied with magazines and other reading matter during the year and our thanks are extended to all who have contributed to make the tables so interesting and attractive.

There have been added to the Library during the year \$100 worth of books purchased from the Library funds, and \$100 worth presented by Mr. Charles W. Sherburne. Mr. Sherburne has also presented to the Library two beautiful oil paintings, which are highly appreciated and with the marble vases from the same generous doner make a beautiful addition to the attractions of the reading room.

We renew our invitation to all interested in the Library to bring in lists of books they would like purchased to assist in our selection as it is a great task to find good books even in the limited number we purchase. A legacy of \$100 has been received during the year from the estate of Mrs. Walker of Manchester to be used for purchase of books.

Also a large number of books from the library of Miss Matilda Marsh of Lowell.

No Catalogue of the books added to the library will be published this year as a card catalogue is in contempla-

tion for the near future. The report of the Librarian and Treasurer submitted herewith will give the facts as to the circulation of books and the finances of the Library.
