## TRUSTEES' REPORT

A report of the Library Trustees seems largely a matter of form, as the main portion of information is contained in the Treasurer's and Librarian's report. The use of the library, both as for entertainment and also as a source of reference for our scholars, seems on the increase, and we are proud of the fact that few towns of our size and means have one that can compare with it. The consecutive service of our Librarian and her thorough acquaintance with the books, also of the tastes of those taking them, combined with the thoughtful attention to their demands, whether presented in person or sent by messenger, adds much to the library's usefulness.

The coat of paint applied to the outside of the building renders its appearance a more creditable one to the centre of the community, and it is expected that the other outside repairs may be done the coming season.

It is to be regretted that the preservation of the ceiling in the Memorial Room demanded the removal of the flag pole on the building, and it is to be hoped that our citizens will not permit the town to remain without one to take its place in these troublesome times, when the humblest hamlets in the land take pride in displaying Old Glory as a token of their loyalty and patriotism.

As a further suggestion, it would seem that as so many of the town's brave sons are engaging in our country's defence, a service flag with a star for each, whether enlisted in the town's quota or elsewhere, be displayed either on the walls of the Memorial room or in the win-

dow, with a list of their names in some conspicuous place.

As the labor of caring for the lawn is purely voluntary, it was deemed no more than right that a lawn mower be owned by the library, accordingly a machine was purchased this year.

Lists of desirable books and any suggestions that may add to the efficiency of the work will be gratefully received by the Trustees.

M. AMANDA CLOYD,

## SCHOOL BOARD

---

### EXPLANATION

To the voters of Pelham School District: Your School Board would say that the omission of the usual itemized report of schools is due to the amendment to the Public Statutes by the last General Court as follows: "The fiscal year of town and special school districts beginning February 16, 1917, shall end August 31, 1918, and thereafter the fiscal and the scholastic year shall end August 31, annually."

In accordance with the above and under instructions of the Department of Public Instruction we publish only the warrant and estimates for the ensuing fiscal year, the itemized report will appear in the Town Report of 1919. This will of necessity be for four terms, after which the reports will be for three terms annually as heretofore. Any information desired will be furnished by the Board, on request at the school meeting.

Articles 14 and 16 with estimates are inserted at the suggestion of the Department of Public Instruction.
