There was one change in the teaching staff in your schools at the beginning of the school year, Miss Bernice Lester a graduate of New Hampshire University being selected to fill the position left vacant by the resignation of Miss Erma Eaton. The teachers in your schools are continuing the same efficient and effective service which has meant success in their work in the past.

Prof. John M. Priske was employed as a part time music director for the schools of Pelham. This added instruction in music is enabling your boys and girls to receive knowledge in music and to develop their individual talents for singing which will prove a source of satisfaction and pleasure throughout their lives.

ROLL OF PERFECT ATTENDANCE

North Pelham—Evelyn Stickiewiez.
 Gumpus—Dorothy Overlook, Charles Zolkos.
 Currier School—John Nariniak.

The curriculum for the school year 1932-33 is as follows:

English II	40 min. per., 5 days per week
French IX-X (elective)	40 min. per., 5 days per week
Algebra	40 min. per., 5 days per week
History of Civilization	40 min. per., 5 days per week
Com. History and Geography (elective)	40 min. per., 5 days per week
Fundamentals	20 min. per., 3 days per week

Commercial History and Geography, a valuable adjunct to any general high school course, is offered this year, and algebra is offered in place of its alternate, Junior Business Training. The social science group is represented by History of Civilization, which comprises a general survey of the whole western historical field with the aim of creating an analytical historical perspective.

With the exception of absences due to sickness, attendance this year has been good. As usual, tardiness is very rare.

The school nurse has given us her usual helpful health supervision.

School organizations this year include Literary, Boat, Athletic, and Variety, (Art, photography, etc.) clubs. The annual school play is planned for early spring.

Your principal has been to many homes this year, and plans to have visited every parent before the close of school in June. The visits with you have been both helpful and pleasant, and I

feel that they cannot help but be of great benefit and reflect in greater understanding and progress for your children.

The teachers of the High School wish to thank Superintendent Hall for his helpful and sympathetic administration; the school board for their co-operative support; and the citizens of Pelham for their continued interest and co-operation.

Respectfully submitted,

ROBERT W. GOOGINS,

Headmaster.

REPORT OF THE SCHOOL NURSE

To the School Board and Citizens of the Town of Pelham:

Following is my report as school nurse for the school year 1931-1932:

Number of children examined	172
Number of defective vision	15
Number of defective teeth	110
Number of defects corrected	71
Number of home visits	175
Number of school visits	187

On October 15, 1931, a clinic for underweight children was conducted and Dr. Luther March examined 109 children. Many parents were present and talked with the doctor. Your school nurse visited the homes of all children found to have defects. As a result of this clinic many defects were discovered, and the proper remedies for correction were attended to by the parents.

In April, the hearing of all children above the first grade, who were in school on the day the test was given was tested with the Audiometer.

Scarlet fever appeared in one of our schools on two occasions. After each out-break, your nurse visited the school daily for a period of two weeks and examined all children present.

During the year, your nurse talked with the school children 75 times on matters pertaining to health and prevention of disease.

Respectfully submitted.

ANNE S. BIGGER, R. N.,

School Nurse.
